Asia Business Aviation Conference and Exhibition (ABACE), the most dominant airshow in Asia, will be held at Shanghai Hongqiao Airport from 14 to 16 April 2015. Jetsolution Aviation Group ("Jetsolution") proudly launched JetParts extending solutions to diversified aircraft spare parts. Exhibiting with global alliance as one-stop services under one roof, Jetsolution features 3 core divisions aiming to serve client variety with different aviation requirement.

Announcing the strategic alliance with Southern Cross Aviation ("SCA") headquartered in Fort Lauderdale of USA, a sizeable climate-controlled warehouse operated with decades of parts experience as the top supplier in USA is ready to serve Asia demands through the exclusive window of JetParts.

"We are excited to develop a deeper partnership with SCA after many successful aircraft sale and transactions we have collaborated, we are proud to extend aircraft parts services supporting Asia finally enhancing safety and quality flying of aircraft owners with their VIP on board," said Jackie Wu, Group President of Jetsolution. "Combining the regional presence of Jetsolution understanding local demands with SCA provides quality products and solutions leading to unmatched opportunities."

"I'm pleased for cementing relationship from aircraft sales toward parts business with Jetsolution, constantly identifying opportunities while focusing on innovation. Together, we can create value to emerging Asia aviation with maximum efficiency and reliability." Said Patrick Hosmann, President of Southern Cross Aviation.

Collaboration between Jetsolution and SCA since 2013 that allows aircraft owners and operators worldwide to access both America and Asia inventories of aircraft and parts with quality and wide variety having professional operation on local ground. Going forward, Jetsolution and SCA have agreed to work more closely on establishing regional warehouse with inventories in Asia increasing efficiency in terms of logistics and procedures, particularly in AOG and urgent supplies.
